

Ms. Vallarelli's March Newsletter

Dear Parents,

As we enter March, we patiently wait for warmer weather to approach. Everyone is excited for more outdoor time, no more bundling, and the warm sun shining down on their smiling faces. February was a great month with lots of learning about numbers, colors, and spreading the love to everyone in the class!

Here is a glimpse of our February highlights:

Groundhog's Day- We read Groundhogs Day Off, and talked about the meaning of the special day. Each student casted their vote whether or not the groundhog will see his shadow this season.

Dental week- The whole class had a blast learning about foods that are good and bad for their teeth, using toothbrushes as paintbrushes, and learning the importance of keeping their mouths squeaky clean.

Valentine's Day- All the students enjoyed walking around to pass out their valentines to each of their classmates. We had a great Valentine's Day feast with fun and festive snacks.

Nursery Rhymes:

Everyone loved singing along to the songs and creating projects which brought those songs to life!

Throughout the month, we will continue to learn letters and numbers. We have also set aside time where each student will practice tracing their name. We will be celebrating Dr. Seuss' birthday by doing many crafts, reading many of his famous books and celebrating each day with something special. Also, we will discuss the weather and may other great topics. Here are the themes for March:

- Dr. Seuss
- Weather
- St. Patrick's Day
- Jungle
- Easter

Here are some important dates for this month:

- March 2-6: Celebration in honor of Dr. Seuss
- March 17: St. Patrick's Day - Wear green!
- March 19: Donuts with Dad
- March 21: Carnival 10am-4pm - rain date: 3/22

Happy birthday to Alex and Constantine!
